

Collection Table 3-Tier

Installation Instructions

NOTES: Please check for any damage caused by the shipping company and take appropriate steps to file a claim, if needed.

*Please call **Digsafe** and check for any underground utilities before digging anywhere.

Materials needed

Cordless driver, star drive bit, speed square, level, tape measure,.

1. Move table top, posts, post brackets, and sliding table near desired installation location.
2. The table is meant to sit on the ground, so there are no post holes to be dug!
3. Remove the 4 legs and braces (if any) from inside the table, and remove the sliding tray, then turn the table upside down.
4. Fasten the 4 legs in the 4 corners using the screws included.
5. If there are leg braces, fasten them where noted.
6. Turn the table right side up, put the sliding tray on the rails, and you're good to go!
