### Instructions

1. Remove items from box/packaging. You should find how ever many tree puzzles you ordered, with all the puzzle pieces put together with tape holding them together. You may want to take a picture of them before taking the tape off to know how they go back together..
2. That's it, they are ready for use!
3. Tree puzzles are treated with kid-friendly preservative, but as is the case with all wood facing the elements, it needs to be cared for, so check it periodically for rough spots, splinters, etc, and sand them out, and treat it with kid-friendly wood preservative (we have it available if you can't find it) once or twice a year to keep the wood from deteriorating.
4. Enjoy your Tree Puzzles!
